

# Role-Based ERP Software for Discrete and Process Manufacturers

Modern ERP applications like Acumatica empower executives and managers with role-based dashboards, configurable workflows, and personalized applications. Drive growth, reduce costs, improve quality, and increase throughput while providing an extraordinary experience for customers and employees alike.

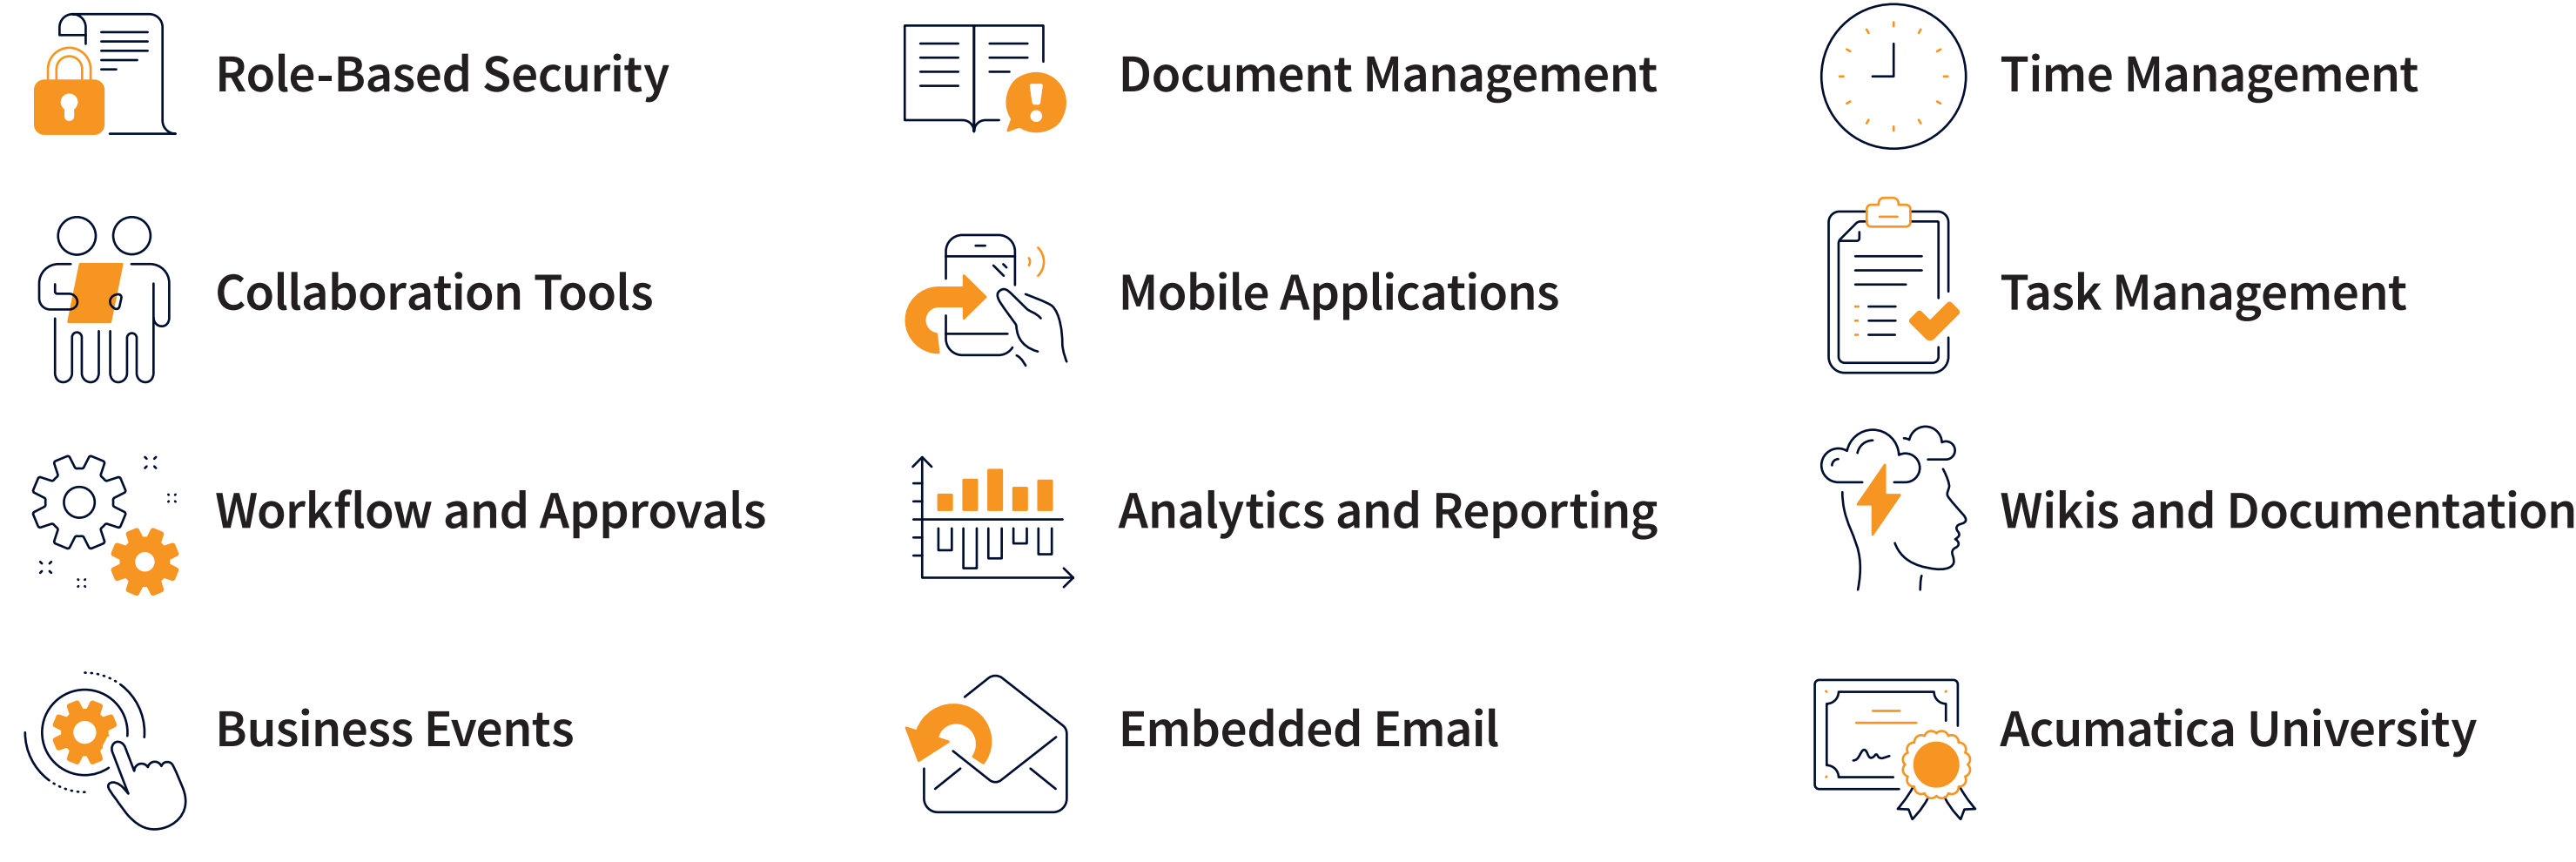

## CONNECT PEOPLE, PROCESSES & DATA ACROSS THE ORGANIZATION

Manage every corner of your manufacturing business and operations with Acumatica's best-in-class financials, robust inventory, flexible order management, embedded CRM, mobile WMS, and extensive manufacturing suite.

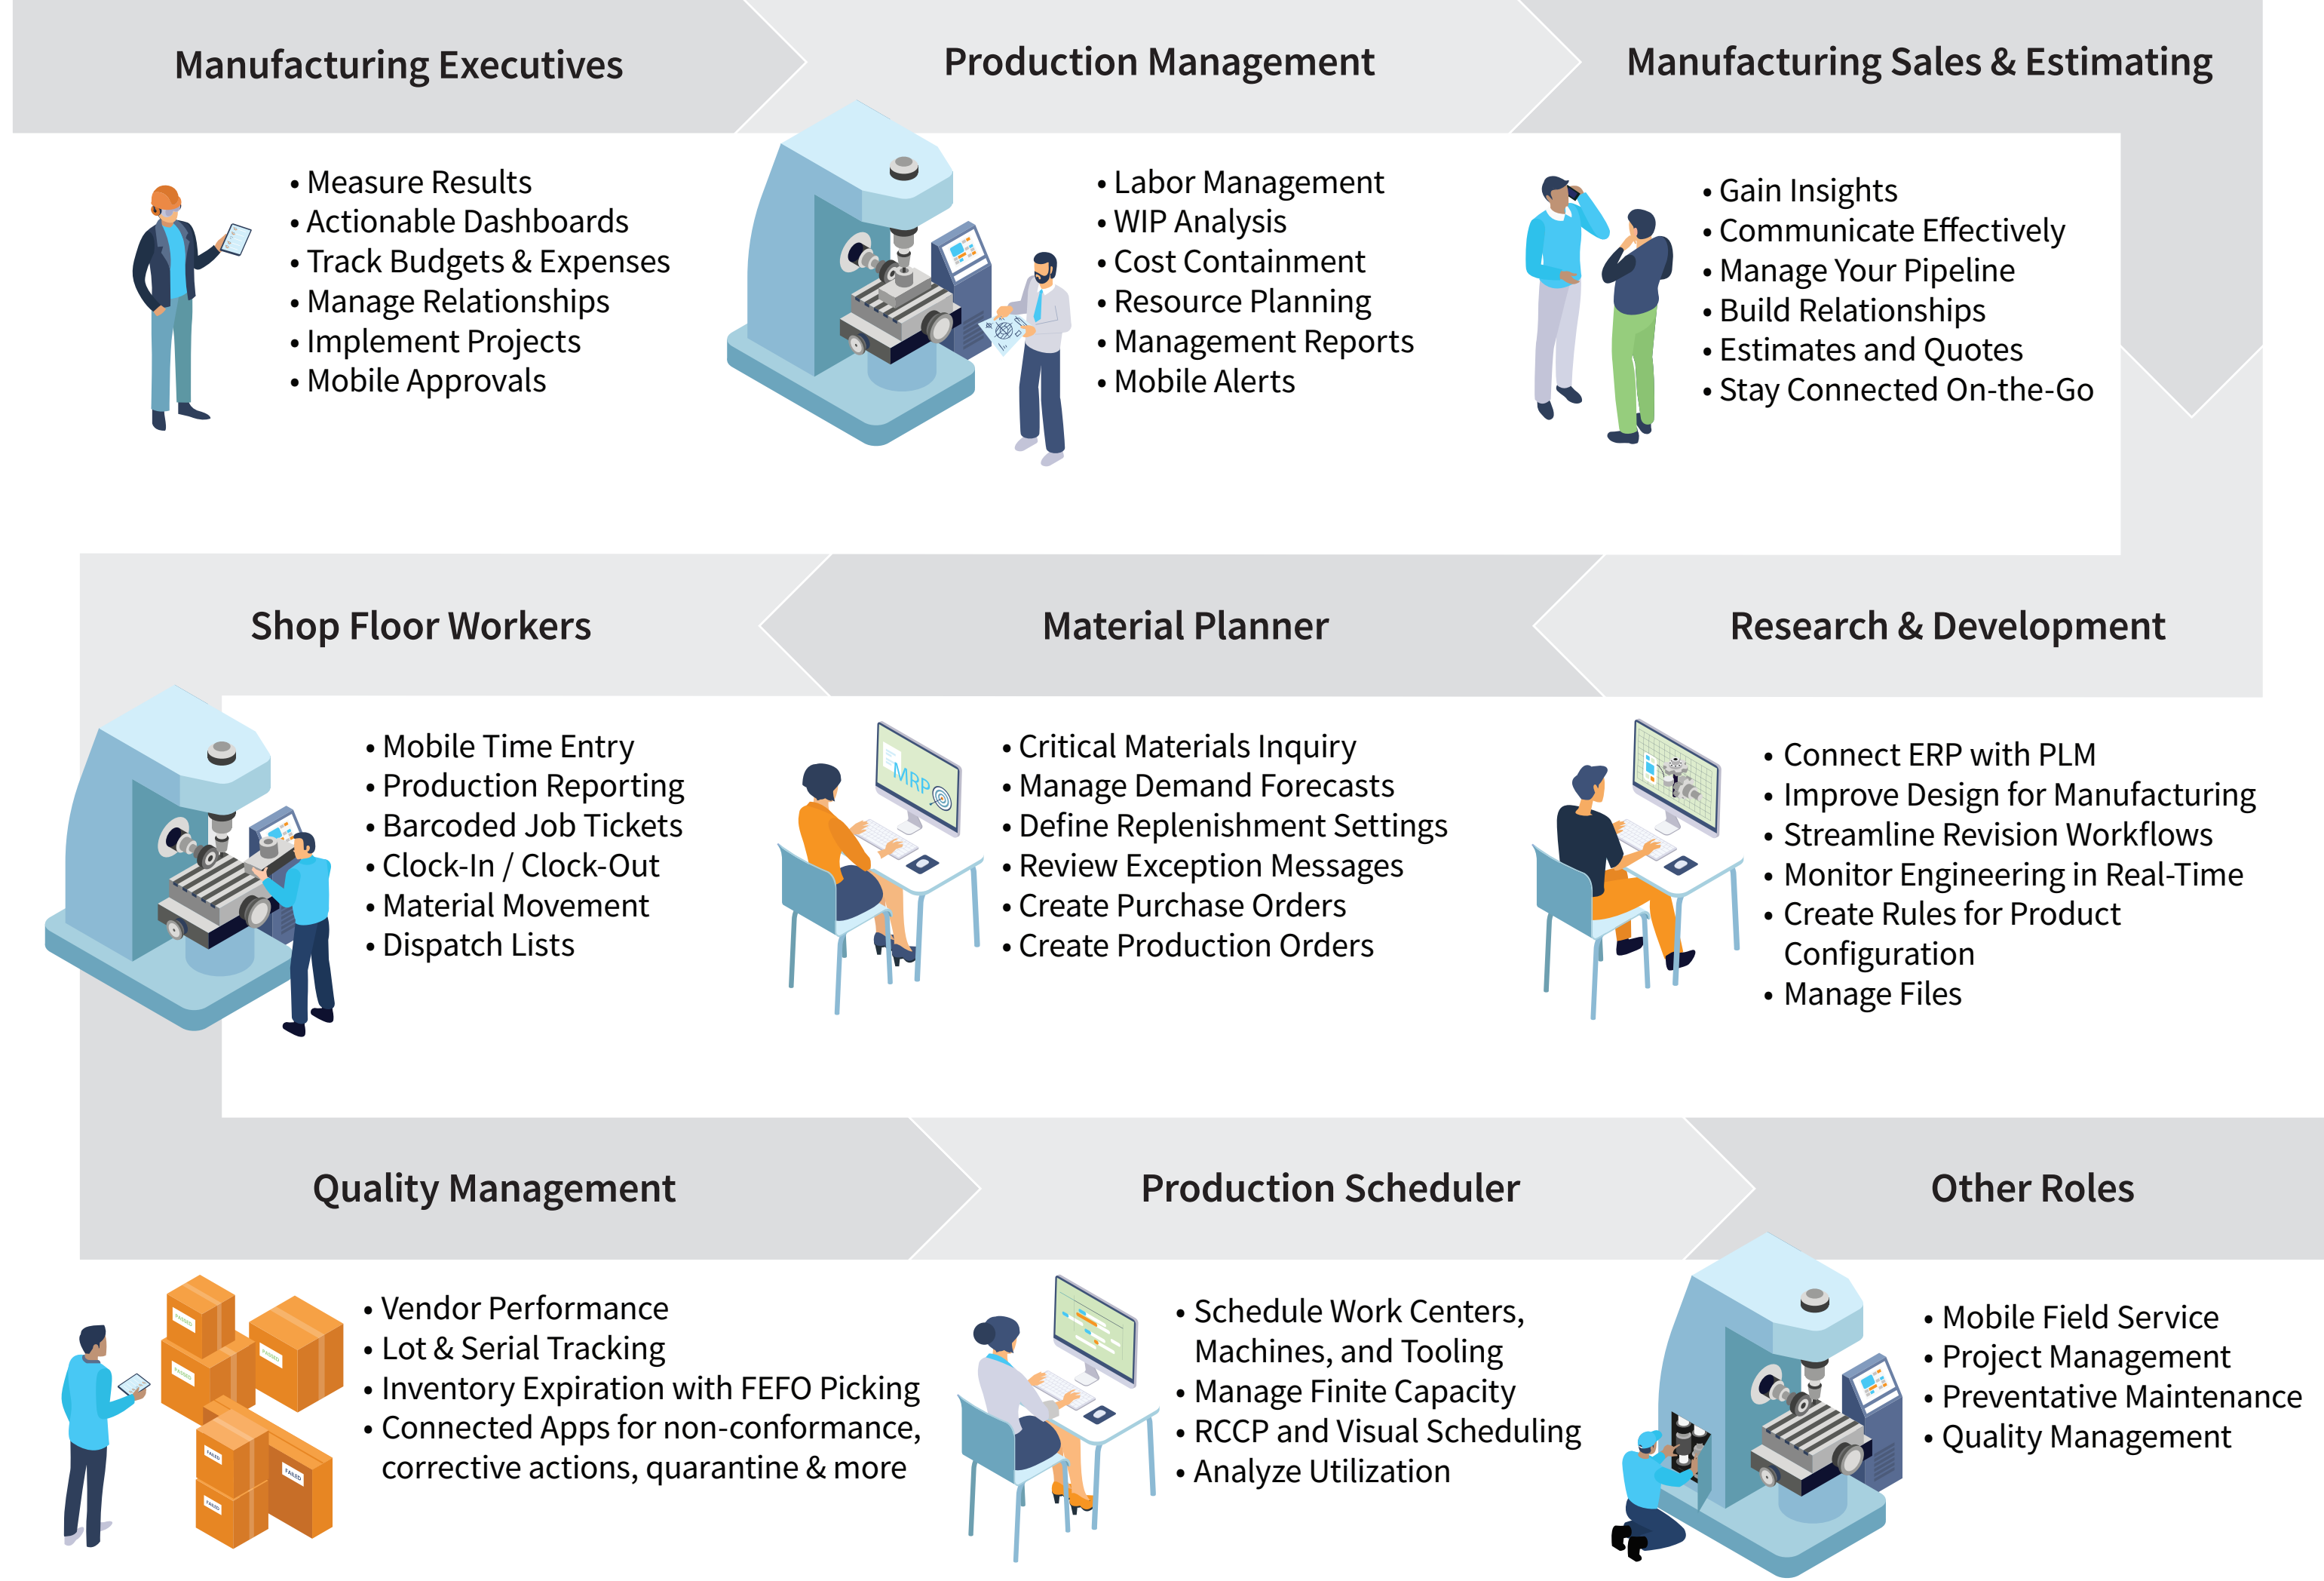

## STREAMLINE OPERATIONS WITH A MODERN ERP PLATFORM

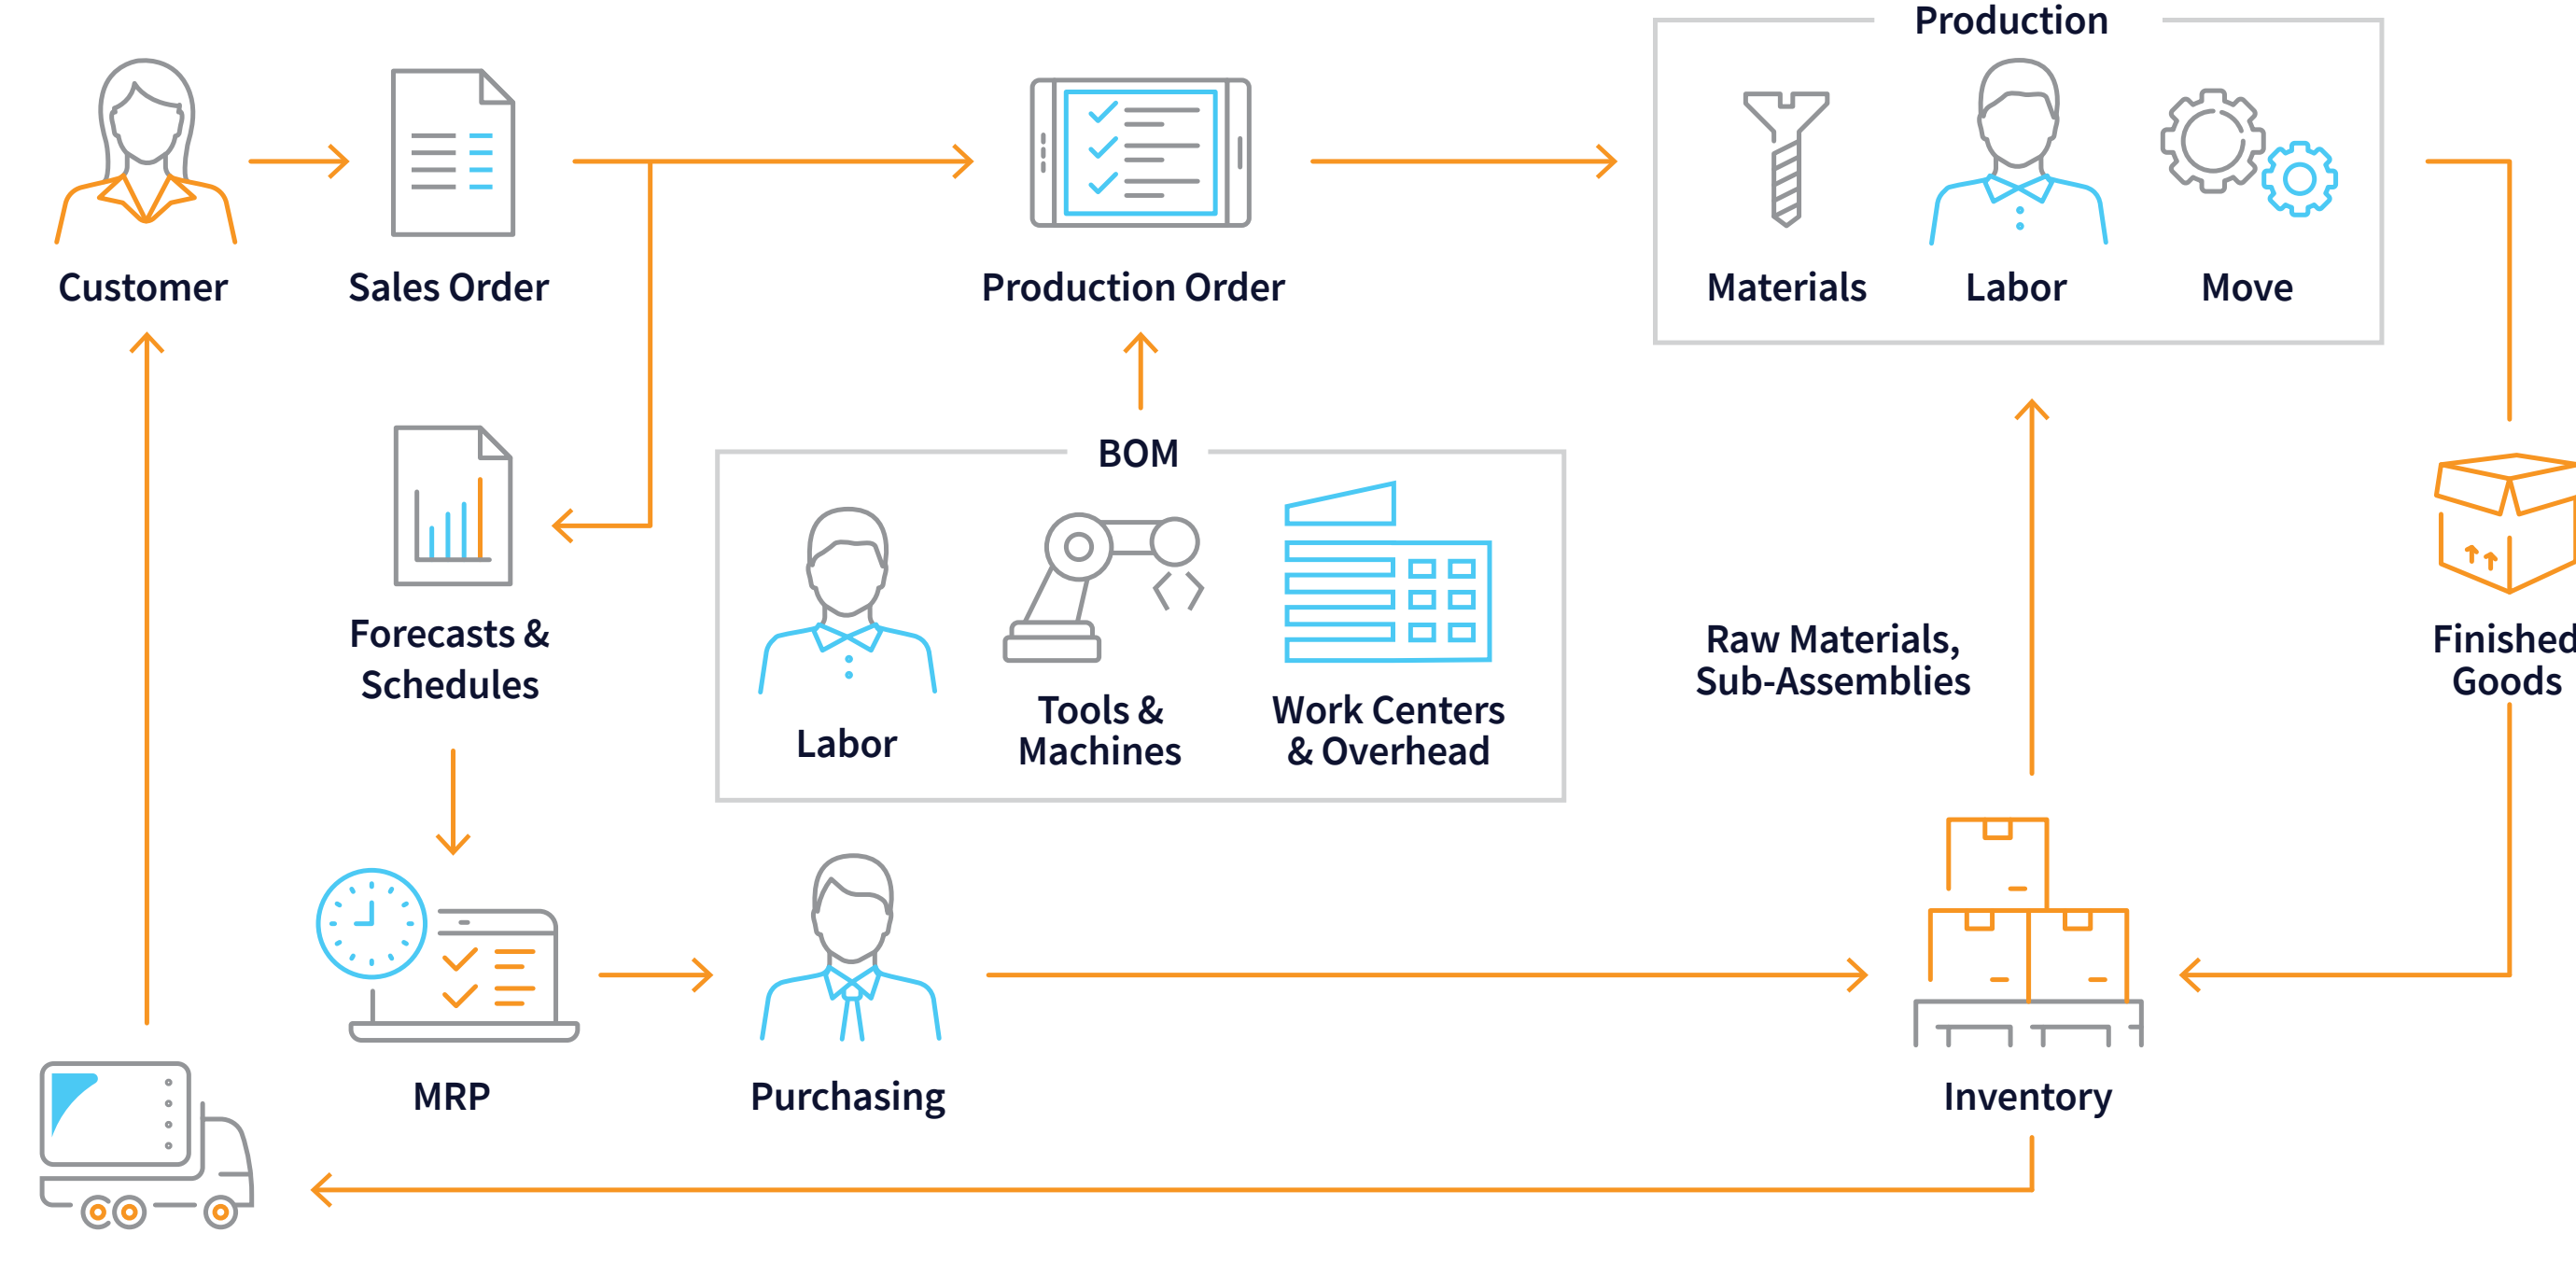

Future-proof your shop floor and back office with Acumatica's agile ERP framework featuring artificial intelligence with machine learning and Open APIs for rapid integration and no-code and low-code customization.

## ROLE-BASED ACTIVITIES & INSIGHTS

## CONFIGURABLE MANUFACTURING WORKFLOWS

Create custom workflows for manufacturing and inventory transactions with automation and built-in notifications via business events. Notify shipping when production is complete for high priority orders, alert purchasing automatically for low-stock items required for scheduled production orders, and build workflows to streamline the handoff from estimating to sales and production.

“When we talk about Acumatica, it’s not just about accounting but about where we do all our business. We work in Acumatica and don’t need to leave.”

– SCOTT STARKWEATHER, PRESIDENT, BOULDER CREEK STONE

Create actionable and live role-based dashboards to monitor manufacturing and engineering operations in real-time.

“If you are a mid-sized business that desires to grow and has the need to unify your locations, Acumatica brings this amazing gain; it connects people. In today’s world we need communication, and Acumatica provides the ability to have information at your fingertips that’s unified and delivered fast.”

– ELENA MHEIDZE, CFO, ERICKSON INTERNATIONAL
